2008 Green Building Certifications and Standards Vendors Directory

Welcome to the 2008 Green Building Certifications and Standards Directory, a valuable resource included with this special report to give you a wealth of sources from the green building certifications and standards sector. The Organizations section highlights the various organizations involved in the actual standards and certification process. Similarly, the Products and Services directory section presents some of the many vendors that provide products and services that meet various green building standards and/or have achieved certifications. No matter what you want to check out regarding the standards and certifications impacting today's green building industry, this directory gives you plenty of useful sources to help you out.
